

“Immune responses in the intestinal mucosa: Inflammation versus immunoregulation”

We proudly present the speaker of our LOCOTACT Lecture in October 2022:

Professor Astrid Westendorf's research group studies the mechanisms responsible for the induction and control of a mucosal immune response. They are addressing tolerance induction in the gut, gastrointestinal infections and focus on developing nanoparticle-based therapeutic approaches. They investigate the extent to which intestinal inflammation influences the development of colorectal cancer.

Date: 27.10.2022

“Immune responses in the intestinal mucosa: Inflammation versus immunoregulation”

Prof. Dr. Astrid Westendorf

Infection Immunology
Institute of Medical Microbiology
University Hospital Essen

Time: 5.00 pm (CET)

Place: Zoom

All guests are cordially invited to join the LOCOTACT Lectures!

The online lecture takes place via Zoom. If you want to register, please contact the LOCOTACT central office locotact@uk-essen.de.
